

It's Better With VIAVI.

Get Cash — When You Trade Up!

Certify both copper and fiber networks quickly, completely, and correctly.

Certifying and maintaining structured cabling infrastructure is more important than ever. With zero margin for error in enterprise networks, legacy test manufacturers are making it difficult and expensive with unnecessary upgrades and cumbersome workflows.

Protect yourself and your business with a better test and measurement portfolio from VIAVI Solutions. Buy a qualifying handheld tester, and get cash when you trade in a CAT5 or higher cable certifier, Validator/ValidatorPRO, optical loss test set, or OTDR.

	Buy this:	Part Number	By September 30, 2017	By December 15, 2017	By February 28, 2018
